

The Lighthouse for Children provides Fresno County families with access to services and resources to support the transformative first five years of their child's life in a safe and supportive environment.

## CHILD DEVELOPMENT CENTER

A high-quality environment for infant, toddler and preschool aged kids from all socio-economic backgrounds and abilities to learn alongside each other.

**A DEMONSTRATION SITE** featuring six state of the art classrooms, a natural playground, observation areas and on-site training opportunities for child care professionals and early childhood education students.

**A UNIQUE PARTNERSHIP** between First 5 Fresno County and the Fresno County Office of Education.

## COMMUNITY LEARNING CENTER

A network of community partners nurturing relationships between children and families.

**HUB OF SERVICES** for families with children ages 0 to 5, there are free classes to help them foster healthy relationships and reach their full potential.

**FOR PREGNANT WOMEN**, the Glow! program brings together groups of women with similar due dates to receive prenatal care, social support and wrap-around services.

## PROFESSIONAL DEVELOPMENT SPACE

As the home of First 5 Fresno County's administrative offices, the Lighthouse for Children also houses conference and office space for community agencies to engage in creative approaches, leverage partnerships, and maximize resources to shape innovative solutions for serving children and families.

**TRAINING OPPORTUNITIES** available at no cost to individuals working with young children and families.

## WHAT'S NEXT?

In partnership with Valley Children's Hospital, outpatient health care services for children and families will be housed in a new building adjacent to the Lighthouse for Children.
